

Our determination to deliver quality and cost effective Oracle Primavera training to organisations and individuals has been at the heart of the RPCuk business ethos since our inception in 1992.

WDP enables us to offer standard curriculum Oracle Primavera training to freelance planners, private individuals and students at affordable prices without compromising on the quality and validity of training. Another huge plus is the flexibility of delivery as we are able to offer WDP Oracle Primavera training on weekends and indeed as evening class options.

RPCuk Director Keith Hogben

The **Oracle University Workforce Development Program (WDP)** partnership with RPC UK Limited (RPCuk) enables freelance planners, individuals and students to receive official Oracle University Primavera curriculum training affordably and conveniently without compromising on quality.

Oracle University launched WDP to address the continued global information technology (IT) worker shortage and the need for accessible and low cost IT skills training. The purpose of WDP is to reach the individual, non-corporate learner who is seeking low cost access to Oracle training. RPCuk has been invited by Oracle University to extend the scope of WDP to the Oracle Primavera range of Project, Portfolio and Risk Management products with the launch of Oracle Primavera WDP.

Benefits of RPCuk's Oracle Primavera Workforce Development Program (WDP)

No compromise in quality

RPCuk offers the official Oracle University Primavera curriculum training.

Significant cost reduction

Freelance planning experts, individuals and students find WDP cost effective and affordable compared to standard Oracle Primavera curriculum education.

Certified and knowledgeable instructors

RPCuk trainers are seasoned and experienced Oracle Certified Specialists who have been recognised by Oracle as Primavera experts.

Training to fit around your schedule

Flexibility of WDP enables RPCuk to offer weekend and evening training courses.

Oracle Primavera WDP works for you

For Freelance planning experts and students weekend and evening classes means that you do not have to take time out of your work or study schedule, avoiding any loss of revenue earnings or student study time.

Official Oracle University study materials

Upon completion of Oracle Primavera WDP delegates receive an official Oracle University Primavera e-Kit.

About RPCuk

Specialising in Oracle Primavera training and consultancy services since 1992, RPCuk is an Oracle Approved Education Center (OAEC) delivering Primavera product training throughout the UK and Ireland, and has acquired a reputation for high quality, cost effective Oracle Primavera training and successful implementation and deployment consultancy.
